Memo

To: Environmental Protection Agency
From: K.W. Maki, Superintendent of Schools
Date: October 15, 2004
Re: Vacuums

I would like to take this opportunity to THANK the EPA and specifically all of those personally responsible for providing the five commercial-grade vacuum cleaners that were recently donated to the Libby School District.

The vacuums will be distributed to various buildings in our District. Your assistance over the years has enabled this school district to accomplish far more than it otherwise could have. On behalf of the parents, students and staff in the Libby School District, I thank you again.

Thank you,

A handwritten signature in cursive script that reads 'K.W. Maki'.

K.W. Maki
Superintendent of Schools
